Hi blad,

Not sure yet since Jose hasn't updated locations, but hopefully some time this week.

Thank you.

Hi Diana

If CD1 is already working on it, it is good enough for now. Do you know when the location will be scheduled?

Best regards,

Hi Blad,

I think this is part of CD14 as well.

If you can notify them that would be great, I have let Jose know and he will reschedule it again.

Thank you so much!

Good Afternoon,

We have received reports of  
individuals under the 110  
freeway occupying a sidewalk.  
There are a few workers from  
the nearby buildings that need  
to walk under the bridge to  
either get to work or back to

their cars. Can you add this location to the Care sheet when the team is available?

Thank you
